

Quadoro meets Industry Representatives with a View in Vienna

Vienna, Austria - Quadoro's Austrian subsidiary hosted an event for the real estate industry in September under the motto „cocktails with a view“.

The venue was wolke21(cloud21) on the 21st floor of the Vienna Saturn Tower, a building managed by Quadoro. Around 50 participants were able to see first-hand a number of the upgrades to the property which have already been completed. These included the newly designed lobby and the installation of e-charging points.
